

MAKE A FAMILY! COURAGE CONSTELLATION

Every star shines a little differently—
and so does every member of your family.

1 Have each person create a star and write one word describing the strength or courage they see in another family member.

2 Connect the stars together to create your very own Family Courage Constellation.

3 You can use markers, crayons, glitter—whatever you like!

Because sometimes the people
who help us shine brightest
are right beside us. ♥
